

Summary of service provider complaint report

Eastern (Central East)

### Introduction

#### **Purpose**

The purpose of this summary presentation is to showcase key data for complaints to the MHWC and complaints and compliments directly to your service, largely focusing on the 2023-24 reporting year.

This summary outlines a range of complaints and compliments statistics, including who complainants are, what issues are raised, and how the complaints are resolved.

#### Interpreting the data

Caution should be used when drawing conclusions from relative numbers of complaints reported by services.

High numbers of complaints reported by services may represent effective complaints reporting processes, a positive complaints culture and/or demonstrate high numbers of issues experienced by people who use the service.

Conversely, low numbers of complaints may indicate issues with the recording of complaints or the service's approach to complaints, or a high level of satisfaction with the service.

Complaints represent people's experience, and a sign of a positive complaints culture would be higher numbers of complaints to services and lower number of complaints to the MHWC, reflecting that people feel confident to raise their concerns with the service.

### The role of the MHWC

#### The MHWC collects and analyses complaints data about public mental health services to:

identify key themes and emerging issues across the sector

gain insights into the concerns/experiences of consumers, families and carers

**increase awareness** of systemic issues and improvement opportunities

understand the **status of complaint processes** and
reporting across the sector

**inform our projects** and recommendations

The MHWC also has a role in system oversight, including monitoring the quality, safety, and performance of the sector.

It is expected that this report will continue to adjust to align to the MHWC's system monitoring and oversight functions over time.

### Trends in complaints and compliments

### How many complaints were made?

#### **Complaints about Eastern (Central East)**

The MHWC received 62 complaints about Eastern (Central East)

Eastern (Central East) receiv 58 complaints directly

	2021-22	2022-23	2023-24	Change to 23-24
To the MHWC	41	45	62	+38%
To the service	41	L 23	58	+152%

#### **Complaints across all services**

Complaints to the MHWC increased by: 5%

Complaints to service providers increased by: 11%

	2021-22	2022-23	2023-24	Change to 23-24
To the MHWC	1,282	1,442	1,521	+5%
To the service	1,582	1,671	1,857	+11%

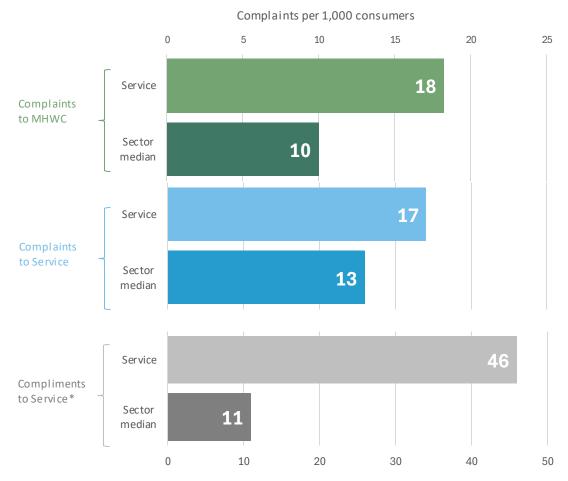

### Complaint rates Complaints per 1,000 consumers

This chart shows complaint and compliment rates per 1,000 consumers, compared to sector medians. Sector medians are shown to avoid particular service types providing a skewed picture of inter-service performance. Half of all services have complaint and compliment rates below the sector median.

	Complaints per 1,000
MHWC about service	consumers

Complaints to MHWC about service	consumers	Sample size
Eastern (Central East)	18.2	62
Sector median	10.0	1,514
Complaints directly to service		
Eastern (Central East)	17.1	58
Sector median	13.0	1,857
Compliments directly to service		
Eastern (Central East)	46.0	46
Sector median	11.0	1,188

\*Note: Not all services reported compliments, and services use different approaches to capture these data.

## Who is making complaints? Complainant relationship to consumer

This chart shows who made complaints about Eastern (Central East).

For complaints to the MHWC the most complaints were made by Consumers.

For complaints directly to the service the most complaints were made by Consumers.

#### **Complaints about Eastern (Central East)**

		Family members	Other	
	Consumers	/ carers	complainants	Unknown
